

NRF Usage Instructions to the External Users

Due to COVID-19, we will be following the following protocols for the external user samples:

1. External users are requested to send their samples for characterization only by post. No outside users will be allowed to visit NRF. The postal address is given below.

Nanoscale Research Facility (NRF),
Room No.116, Block-VI, IIT Delhi,
Hauz Khas, New Delhi-110016

2. Samples will be kept for the one week duration before the characterization.
3. Samples will not be returned back to the external user.
4. Date of the measurement and the characterization results will be provided by e-mail only.
5. The remaining external user's instructions for the usage of the NRF will remain same (<http://nano.iitd.ac.in/index.php/external-user/>). Some of the instructions are listed below:
 - a. E-mail the duly filled and signed request form to NRF at: nrf@physics.iitd.ac.in.
 - b. Once approved, the user will be notified and requested to make payment through NEFT and e-mail the online transfer payment copy to (nrf@physics.iitd.ac.in).
 - c. NEFT details are given in the NRF website (<http://nano.iitd.ac.in/index.php/external-user/>).
 - d. Once payment is verified, the date and time of measurement will be notified to the user by e-mail.
 - e. If the measurement cannot be carried out due to issues related to the sample (e.g. size, material, etc.), it will be the responsibility of the user.
 - f. It is suggested that the user should send the sample only after discussion at NRF. For any enquiry related with the sample measurement, please contact to Dr. Uday Dadwal (e-mail: udaydadwal@gmail.com, phone No: 9899297162).
